## **The Rupture of Rapture: Blessed Hope is Resurrection, Not Rapture**

Paris, TX June 20, 2015. Millions of Christians are being deceived by those making millions off a doctrine called rapture packaged and presented to the world in the early 1800s under the name of dispensational theology. Prior to the 1800s there was no such teaching accepted by bible believing Judeo-Christians that only embraced the resurrection of believers, both living and dead at the one and only return of Messiah Jesus in great power and glory. According to author and bible teacher Michael Bollenbach, 'Rapture uses eisegesis to infuse doctrines of dispensational theology into Scripture which dislodge and replace the First Resurrection with rapture.' The 'Rupture of Rapture' is an exegete of Scripture to determine whether the bible does indeed teach rapture by examining the God-breathed language of Scripture. It specifically examines key words like rapture, caught up, coming and resurrection; phrases like blessed hope, thief in the night and day of the Lord; and passages of Scripture like First Thessalonians 4, First Corinthians 15 and Revelation with particular attention given to the first four chapters, the Seven Seals of the Scroll, Wrath of God, Wrath of Satan, Wrath of the Lamb and others using only the bible and a concordance. This process sorts out fiction from fact, apostasy from truth and man-made theologies from God breathed revelation. The book, as the title suggests debunks rapture and restores the historical teaching that the Blessed Hope of believers as the Second Coming of Christ Jesus to resurrect and change the dead and the living to immortal life that dispensational theology unsettled in the mid-1800s. Scripture is replete with the command for believers to be ready and prepare themselves for the Second Coming and rapture ill-prepares one for such eventuality. The book is exclusively available on [Amazon](http://Amazon) and regardless of whether you agree or disagree with rapture, this is a must read for any serious student of eschatology.

**About The Lord's Children.** The Lord's Children is a non-denominational, home bible assembly anchored in the historic and apostolic Christian theology of Salvation by grace through faith in Messiah Jesus, His crucifixion and bodily resurrection from the dead after three full days and nights in the grave and His bodily ascension to the right hand of God the Father in heaven. We believe that the Holy Spirit indwells all regenerate believers and leads them into obedience to God and good works as the fruit of salvation. We advocate the New Covenant model of fellowship and discipleship in the homes of believers as taught in Scripture. You may call 512-938-4388 for more information or visit [The Lord's Children website.](http://TheLordsChildren.com)
